Months before Peter Parker was shot and killed, grade schooler Miles Morales was about to start a new chapter in his life in a new school when he was bitten by a stolen, genetically altered spider that granted him incredible arachnid-like powers.

News he has only shared with his best friend Ganke. Ganke is helping Miles figure out how to be Spider-Man.

MILES MORALES: THE ULTIMATE SPIDER-MAN

After taking a year off to mourn the death of his mother, Spider-Man found himself acting the hero once again. He teamed up with Spider-Woman, new heroes Cloak and Dagger and Bombshell to shut down the evil Roxxon corporation.

A cosmic force with a carnal appetite for entire worlds known as Galactus destroyed most of New Jersey before all the super heroes could team up and fight him. Galactus was defeated but not without great loss and sacrifice.

In an act of desperation, Miles revealed his secret identity to his father.
That was the last time Miles ever saw him.
